Mary Elizabeth Pitz : Careers in Government (VGM Professional Careers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Careers in Government (VGM Professional Careers):

Career seekers find all the information they need to explore and choose a professional field and then narrow that field down to a job that suits them. These books are ideal for college or college-bound students and anyone considering a career change. Experts in each field give an overview of the profession, outline job options, and show how to plan and prepare for a career. Included are:

From BooklistCareer counseling and the hiring process are rarely discussed as thoroughly as they are in this text, which clearly reflects an understanding of the nature of the employer. Strictly nonelective positions are discussed, with an additional guide in the appendix matching college majors with federal agencies and departments. A current, well-written book covering all the general aspects of government employment. Appendixes include books and magazines, personnel departments, an index of college majors and federal jobs, and a glossary. Kathy BonnarAbout the AuthorMcGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide
