Gregory McNamee : Careers in Renewable Energy, updated 2nd edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Careers in Renewable Energy, updated 2nd edition:

0 of 0 people found the following review helpful. Terrific resource for anyone contemplating a future in sustainable energyBy Annie RoseTerrific resource for anyone contemplating a future in sustainable energy. Have used it with high school and college students as well as guidance counselors. Each chapter devoted to a particular sector complete with up-to-date info on publications and organizations as well as available programs in higher ed. across the country.

Especially helpful resource for STEM educators.

Numerous job opportunities await in the fast-growing field of renewable energy. Grab this handy book and discover how clean energy can be a part of your future, whether you are new to the workforce or retooling your career. Career Sectors include: Solar Wind Energy, Geothermal Energy, Hydropower, Bioenergy, Green Building Energy Management, Hydrogen Energy Fuel Cells, Green Transportation, and Energy Education Economics. Job Areas include: Technical / Engineering, Project Management / Consulting, Research Development, Sales Marketing and the Trades. Numerous helpful resources include: Training Workshops, Universities Trade Schools, Professional Associations / Technical Societies, Reference Web Sites, and Government Energy Programs.

About the Author Gregory McNamee is a writer, editor, photographer, and consultant in publishing, film, and other media. He is the author or title-page editor of thirty-six books, including several on ecology and natural history, and of more than four thousand periodical pieces. He writes on science, culture, the environment, and other topics for many publications in the United States and abroad, and he is a contributing editor to the Encyclopaedia Britannica. McNamee divides his time between his home in Tucson, Arizona, and migratory habitats in Virginia, New York, Italy, and other places.
