A classic cat bookBy softgreenpuppyThis is a beautiful book. My niece spends a good deal of quiet time with her book. It has become a favorite. Great for children who love cats.

A treasure trove of information, Catopia covers cats from all angles; tracing their ancestry, exploring their physiology, unraveling the folklore and superstitions that surround them, and celebrating famous cats from around the world. Packed with ingenious novelties, fascinating facts, tips and anecdotes all accompanied by beautiful, detailed illustrations. Novelties include book plates, booklets, flaps, photo frame, and a zodiac wheel.

A beautifully illustrated treasure trove of feline minutia.
