THE WORD COOKIE ISNT IN THERE BUT A LOT OF OTHER WORDS ARE. THE KID CAN SEE THE PICTURE AND SEE THE WORD IT SEEMS TO WORK. I ALSO GAVE HER A HELLO KITTY BOOK BAG THAT STOLE THE SHOW. THIS DICTIONARY IS WORTH THE MONEY. YOUR KID WILL BE A GENUS FAST TOO.129 of 137 people found the following review helpful. First step dictionaryBy ibsoomshipment was quick and the dictionary cover and pages are of good quality. Definitely attracts children's attention with pictures and colors.I bought it as a first hand experience for my 5 year old daughter as she can read short stories and is interested in learning more about words. But I definitely think that this dictionary will not work after two years. there r two reasons:1. limited words in the dictionary2. The word description is just for the

very beginners. there r no synonyms so vocabulary is also limited. My daughter will start kindergarten this year but because I was teaching her at home, she is capable of reading short stories herself, and I think until she reaches first grade she will be ahead of this dictionary. As a child I remember I got frustrated when a dictionary helps me 50%. So when I tried to look up a few words in this dictionary from my daughter's story book, I found only a few and the rest were not there. words like fancy struck maid lane were not there. 3. my third problem might not seem reasonable to many people but I feel it. why these common words are not there but 'bikini' was there with picture? also when you describe the word "kiss" it does not seem appropriate to show a 14 year old girl kissing 14 year old boy. it could be a mother kissing her child or father or grand parents or in any other form. If this dictionary is specially meant for kids between 5-8 years old which I think is the exact appropriate age for this level. I think such things look ridiculous and also look quite intimidating. A 14 year old is sure not to have this dictionary. Why give such thoughts to a 5 or 6 year old child? It does not look nice. Even if it was mother and father kissing, it would have been some thing practical and natural. Choosing an inappropriate age level gives wrong vision to kids. thats just my opinion. 3 of 3 people found the following review helpful. Very disappointed By Clairissa Lynn Mitchell I bought this for my 2nd grader. I am very disappointed. It is a very basic and beginning dictionary. Some of the common words a 2nd frader encounters are not even listed in the dictionary. It's very frustrating when you are trying to teach your kid how to use a dictionary and the very word you the searching for is not there.
