From Brand: Schreiber Publishing : Chinese Business Dictionary before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chinese Business Dictionary:

character form. NO pinyin and NO example sentences. This book would only be useful to Chinese people who want to translate english words directly into Chinese. This book is advertised as both english-chinese and chinese-english, however there is no chinese-english. I ordered this book before it was released and just received it. I am extremely disappointed. I repeat: NO Pinyin and NO example sentences. 6 of 6 people found the following review helpful. No Pinyin

I checked Borders and this book doesn't have pinyin, which is a great weakness. I feel it should have pinyin at a minimum.

I find this new dictionary to be of great help in dealing with American Business texts. A great tool for business communication between the English-speaking world and China.
