William Dehning : Chorus Confidential before purchasing it in order to gage whether or not it would be worth my time, and all praised Chorus Confidential:

0 of 0 people found the following review helpful. Very easy read. Great for setting down and picking up ...By Allison

TaylorVery easy read. Great for setting down and picking up months later. Very colloquial and witty. I really wish I could have met this man. Great humor mixed in with great advice.0 of 0 people found the following review helpful. A Great Read!By TromboneguyThis volume is written in plain english so that amateur and professional alike can benefit. Dehning's colorful storytelling and instruction in the basics makes this much more than a "conductor's manual."Those who read it should remember that plain english and clear gesture is the way to communicate with 90% of choirs. Musicians who are incapable of relating to the average person will have limited success. Get a real job, stay there for awhile (as did Dehning) and only then venture into the world of choral conducting. You'll find your singers responding and relating to you. This will result in a much better sound, and a happier choir!0 of 0 people found the following review helpful. Dr. Dehning's book includes wonder recommendations for all types ...By VicsterDr. Dehning's book includes wonder recommendations for all types of ensembles. Don't let the title fool you, band directors. You'll get a lot out of it!

Dr. William Dehning has been the head of the Choral Department at University of Southern California since 1992. His choirs have wowed audiences worldwide and at the ACDA National Convention. Employing his no-nonsense tone, dry wit and deep passion, he tells all that is good and all that should be changed in the world of choral conducting. Never has so much valuable information been included with so much personality. Laugh and learn with this spectacular book!
