Peter Gammond : Classical Composers: An Illustrated History before purchasing it in order to gage whether or not it would be worth my time, and all praised Classical Composers: An Illustrated History:

0 of 0 people found the following review helpful. it is great book.By CustomerI wish the composers page order is by the year of their period, instead of the alphabetical order....Other than that, it is great book.9 of 9 people found the following review helpful. Illustrated classical history lesson.By Gary E. RoweThis is a great book and it is too bad that it is out of print. I throughly enjoy reading about a composer and then listening to their music, as it brings so much

more meaning to the work of art. Also, it does a great job of illustrating the composer and era of their life .0 of 0
people found the following review helpful. Five StarsBy sharleen kendrickThis is a great book thank u

A celebration of the lives and works of the most noted composers of classical music includes more than 170 profiles,
their artistic influences, and critical appreciation of their pieces, and features 320 paintings and photographs.
