Would recommend to anyone needing a fresh start1 of 2 people found the following review helpful. interesting bookBy MikeFound the information informative. It talks about what various ways I can increase my way of finding a good job even with a felony.7 of 10 people found the following review helpful. Bought this for a nephew, who needed direction in job looking after his misguided actions.By SunshineThe book had some good tips on what a person could do, when having a felony, and needing a job, when mostplaces don't hire people with felonies. It did cover a lot on what a person could do with a computer, but noteveryone has a computer, nor the access to one, so thought it would have been good to have tips for thosethat don't. This society doesn't much care to help those that have gotten into trouble, so guidance in howto get oneself into a job and responsibility sure could be helpful, if not necessary.

Without going through the experience, no one can really know how it feels to have to look for a job. The pain and uncertainty of putting yourself out there, having to ask total strangers to take a chance on you, and the crushing defeat you feel when that dreaded rejection letter or email shows up. Even if you are completely qualified for the position, the lack of certainty can wear on you like nothing else. Hunting for a job simply isn't fun. In this book you will learn nine powerful ways to find and get jobs, even if your background includes some criminal activity. You may think theres no hope, that if you're a felon you can't get a job, but if you read and follow these secrets, you will find that jobs are easier to find than you ever thought. In this book you will learn: The one thing you have to do before anything else in your job search. Two powerful methods of instantly making your resume stand out. Professional interviewing techniques that work! Two ways to make yourself extremely desirable regardless of your background. Three ways to get everyone on your side, looking for jobs for you! An incredibly powerful resource for finding a job, especially if you have a felony. I cannot recommend this book more highly.
