Clement Wood : Clement Wood's Unabridged Rhyming Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Clement Wood's Unabridged Rhyming Dictionary:

13 of 13 people found the following review helpful. Great rhyming dictionaryBy P. FrantzI use several different rhyming dictionaries in my songwriting. After hearing Stephen Sondheim mention this one in an interview, I decided to try it. Now it's my favorite. What's different about this one is that the list of words matching a particular rhyme is presented as a single column of words, making it very easy to scan. I hope this dictionary goes back into print.
