praised Coin World 2013 Guide to U.S. Coins: Prices Value Trends (Coin World Guide to U.S. Coins, Prices, Value Trends):

4 of 4 people found the following review helpful. A Good Quality Information for Coin CollectorsBy Jimthis book is very similar to The Red Book. The quality of information is very good. The quality of the book leaves much to be desired. While the Red Book uses high quality glossy paper and colored pictures, this book uses newsprint quality paper and black-and-white pictures. Unlike the red book, this book has more detailed information and specification data for each coin.0 of 0 people found the following review helpful. Easy to use currentBy surv53Been using this resource for years. This is an easy way to stay current and it comes out every year before Christmas so it is an annual gift..0 of 0 people found the following review helpful. Grade A is the perfect score for the vendor. You can always expect the book early that what the latest day showed.By Mark E DunganNGC Grading Guide for Modern U.S. Coins: Grading Tips teaches you how to grade the coins using both AN A and NGC. thanks Mark
