Great Reference BookBy MossRoseThis is the perfect reference book to use to get familiar with the various early Ginny dolls and their outfits. Now I know when a doll or outfit is incorrectly described in a listing simply by looking at the photos and tags. I'm new to the whole Ginny phenomenon, and just looking at the photos and descriptions is this book is a great way to spend an evening. The history of the doll and the home sewing of the early outfits is fascinating. It certainly was a different time, which brings back a lot of

childhood memories. I guess that's part of Ginny's lure. 0 of 0 people found the following review helpful. Walking back in time! By Kathryn S. Schmeiser WOW! This book makes me wonder what items I might have owned for my Ginny doll and regret that I don't have now! Great color and black-and-white photos of Vogue dolls, clothes, accessories (shoes, purses, eyeglasses), furniture, doll trunks and MUCH more. Good reference book when buying items on Ebay or other doll sources. Includes info on care of dolls and clothes, a chronological list of Vogue Dolls, and "Herstory" of Vogue Dolls. Well worth the money and effort to find a copy of this book, especially if you grew up with Vogue dolls.

This new edition features 200 additional photos, for a total of 1,600 shots, along with updated doll information and collector values.
