**From Peterson's Thomson Learning : Colleges With Programs for Students With Learning Disabilities Or Attention Deficit Disorders** before purchasing it in order to gage whether or not it would be worth my time, and all praised Colleges With Programs for Students With Learning Disabilities Or Attention Deficit Disorders:

18 of 20 people found the following review helpful. Practical Guidance for LD College ApplicantsBy Dale Susan BrownLists over 1,000 2 and 4 year colleges that welcome students with learning disabilities. Includes schools that offer services and comprehensive programs. CD-ROM and quick-reference chart provided. Entries for colleges include student support services, number of students with LD and/or ADD, staff information, founding date of LD services, and number of staff members. Special services such as academic advising, counseling services, remediaton of basic

skills, subject area tutoring, special courses, auxiliary aids, and services are described. For colleges with comprehensive programs, the book lists special fees and details of the program. The book states if services are available to graduate students. Review adapted from Learning A Living; A Guide to Planning Your Career and Finding A Job for People with Learning Disabilities, Attention Deficit Disorder, and Dyslexia 0 of 0 people found the following review helpful. Five Stars By Zach Marshall good, very great 26 of 30 people found the following review helpful. not helpful By A Customer I guess I ordered this book thinking it would help with a pretty normal ADD kid; instead it focuses on kids who are severely disabled, is very dry reading, and not helpful unless you have a child with a true disability.

Great book.
