HarperCollins Publishers : Collins Chinese Concise Dictionary (HarperCollins Concise Dictionaries) before purchasing it in order to gage whether or not it would be worth my time, and all praised Collins Chinese Concise Dictionary (HarperCollins Concise Dictionaries):

the midst of learning Chinese for school and of course with that comes the need to be able to look up the words/characters your teacher was talking about earlier. Before I bought this dictionary, I had purchased a Webster's Chinese dictionary which was a great purchase due to the inclusion on measure words with a word if it used any. Eventually, I outgrew that one, needing a dictionary with bigger type, more words, and a larger radical index, I eventually settled on this one. It's a a better dictionary compared to my previous one minus the fact that it doesn't list measure words. What is a really nifty feature is the Chinese in action section that is quite a good review of the basic concepts and constructs of the language. The bold face for each character is also a nice touch. Overall this dictionary is worth the purchase for beginners to intermediate students in Chinese, though I'm sure there are better dictionary for more advanced users. 0 of 0 people found the following review helpful. Why my dictionary cover doesn't similar to this one? In a word, it is helpful. Thanks. By mingjun huang I like it very much! I had use this dictionary for 1 month? (or half month?) Why my dictionary cover doesn't similar to this one? In a word, it is helpful. Thanks. 0 of 0 people found the following review helpful. C. Collins Chinese Concise Dictionary. By sherpa This dictionary is outstanding in that it has 140,000 translations and the print is easy to read. I have many other dictionaries, but this one is the best so far.

The HarperCollins Chinese Concise Dictionary offers up-to-date coverage of contemporary Mandarin Chinese. Attractive layout and user-friendly organization make it easy to find what you need quickly. Detailed language notes and pinyin romanization of Chinese words provide a wealth of useful information for the learner. The indispensable Language in Action supplement teaches how to speak and write in fluent, natural Mandarin Chinese.
