I've never failed to find the word I was looking for and have always been satisfied with the range of definitions and examples pBy Jim NeumannI use this dictionary to read academic (theological) German for the most part, and once in a while to read articles in German newspapers such as Der Spiegel. The dictionary serves both of these purposes very well. It is truly comprehensive. I've never failed to find the

Large library-quality hardback dictionary with many additional updated language features. A must for the Germanic scholar!By Dieter BallmannExcellent reference for my occasional German e-mails and to settle friendly disagreements with my wife over proper usage. Much better than the 70s-80s era (Langenscheidt) dictionaries. This volume costs more but offers a lot more with business and colloquial translations and multi-color translation pages. It is large, weighs almost 8 pounds. Lots of Germanic knowledge inside.³ of 3 people found the following review helpful. and I wanted an up-to-date dictionary that would also be useful with older vocabularyBy Nathaniel R. BrownI am rediscovering German after a hiatus of 30 or 40 years, and I wanted an up-to-date dictionary that would also be useful with older vocabulary.
