Harpercollins Publishers : Collins Latin Concise Dictionary (Harpercollins Concise Dictionaries) before purchasing it in order to gage whether or not it would be worth my time, and all praised Collins Latin Concise Dictionary (Harpercollins Concise Dictionaries):

The Cassini has a well-deserved reputation for utility, but the Harper-Collins (while obviously not as detailed as the OLD) is pretty thorough, is easily portable, and has sections on Roman life and culture as well as key Latin phrases.Now, if only they made a large print edition...0 of 0 people found the following review helpful. More useful than it seems ...By Herbert L CalhounNext to "Le Mot Juste,", I find this Harper Collins, concise dictionary almost as useful as a normal English or crossword puzzle dictionary. Obviously this is owing to the fact that so much of english has latin origins and roots. The bonus though is that it is four dictionaries in one: latin grammar, latin dictionary, brief summary of Roman history, culture and life, and a brief dictionary of "most often used latin idiomatic phrases and expressions." A well-deserved four stars.

Latin to English dictionary as well as English to Latin dictionary.
