**From Collins : Collins Latin Concise Dictionary** before purchasing it in order to gage whether or not it would be worth my time, and all praised Collins Latin Concise Dictionary:

2 of 2 people found the following review helpful. Superb Latin DictionaryBy Drums4LifeAmong the over 160,000 entries are different forms of unusual verb forms. For instance, the word "tuli" comes from the word "fero"; which you probably wouldn't have guessed. In the dictionary, the listing for "tuli" tells you that it is the perfect form of the verb fero, which is incredibly useful when translating. The grammar section in the back has everything, literally. Bottom line: this is the way to go for Latin dictionaries.
