Colin Day : Collins Thesaurus of the Bible before purchasing it in order to gauge whether or not it would be worth my time, and all praised Collins Thesaurus of the Bible:

A unique and essential reference book for anyone wishing to study the Bible.

From the Publisher Using Rogets peerless system of classification, the Collins Thesaurus of the Bible offers fascinating insights into the interrelationships of words in the Bible, providing instances not just the exact word but all possibilities within the words meaning. Far more comprehensive and much more intuitive to use than a Concordance, the Collins Thesaurus of the Bible is a vital reference tool for anyone wishing to more deeply engage with their religious studies.

About the Author A. Colin Day obtained a Science degree from Cambridge University and a doctorate in Linguistics from London University. He has worked in India, Nepal and Vietnam with Wycliffe Bible Translators. He was then a senior computer programmer for the Computer Centre of University College London until his retirement. He has written a number of books on computer programming and desktop publishing, as well as the previous edition of this book.
