Five StarsBy CustomerIt was exactly what I expected.5 of 9 people found the following review helpful. Well Defined ReadingBy Ed KazThe Oxford Color Dictionary Thesaurus is a "must read" book. For one thing, all the words are arranged in a convenient "alphabetical order." That is, if you wish to find a word that begins with an "A," you can turn to the corresponding "A" section, and so on, all the way to "Z." It's quite an innovation (a word you can find in the "I" section).Of interest to the thrifty book buyer: If you purchase the Oxford Color Dictionary Thesaurus, you won't need to buy another book. I'm

not kidding! This one has all the words. Thumb through it and see what I mean. All you have to do is rearrange the words and it can be any book you like, from the Bible to a plumbing manual to one of them Bill O'Reilly books. Plus it has pretty colors. Highly recommended. By the way, this book review was composed entirely of words found in the Oxford Color Dictionary Thesaurus!

The Color Oxford Dictionary and Thesaurus provides a complete dictionary and thesaurus in one handy volume. The last edition of this book was a huge success. Now, in its new edition, it has been fully updated and contains a new 30-page center section on Effective English which covers the basics of writing English and how to get the best out of your thesaurus. The design is extremely user-friendly. Each page is split between thesaurus and dictionary, with headwords, phrases, and key synonyms all in color, so they are easy to find. The dictionary contains over 50,000 words, phrases, and definitions, and the thesaurus provides 65,000 synonyms, ensuring all of your everyday vocabulary is covered. This Dictionary and Thesaurus fits easily into a bag or back pack and is ideal at home, on the move, and in the office.
