Buddy Scalera : Comic Artist's Essential Photo Reference: People and Poses before purchasing it in order to gage whether or not it would be worth my time, and all praised Comic Artist's Essential Photo Reference: People and Poses:

1 of 1 people found the following review helpful. Dynamic reference shots for comic artistsBy Amy JBuddy's photo reference series is a favorite of comic artists for good reason. The models (two men, two women) aren't just posing; they're often captured in mid-motion--jumping, lifting, punching, etc. Buddy knows comics inside and out, so the angles, lighting and shadows were designed especially for comic artists. Few reference books offer as much bang for the buck.1 of 1 people found the following review helpful. Do It Right!By A. BaileyI've been using this series for years. This is easily the best reference guide to poses you'll need for comic books and action-packed illustrations. This book features diverse poses, which helps you make authentic, original art. Don't copy out of other comics, buy this and do it the right way.1 of 1 people found the following review helpful. Five StarsBy CustomerBuddy is really great with his references and this would be a perfect tool for anatomy/perspective studies.

Supercharge your drawing with the power of photo reference! An essential foundational tool for any aspiring artist! To draw a character consistently and convincingly over an entire story or series, you need a serious reference library--all professionals use them. Inside, find more than 500 awesome-quality color photos depicting popular poses, props, outfits and activities for extraordinary and everyday comic characters--people pointing at heroes flying in the sky, lifting large objects, cowering in fear from impending doom and even doing battle in hand-to-hand combat. Lit with a superior two-source technique, these photos expose dramatic, muscle-revealing shadows and figure contours to add depth, realism and weight to every illustration. Use reference photos to: Trick viewers into seeing 3-D places, people and things by leveraging art techniques like foreshortening, shading and perspective. Breathe realism and action into drawings by referencing muscular models ranging in age, gender and ethnicity, brandishing guns, swords and knives while wearing everything from capes and street clothes to spandex shorts. Explore the nuances of common facial expressions like pain, anger, fear, frustration, joy, shock, confusion and smug satisfaction. Create dynamic poses including standing, sitting, flying, lifting, punching, kicking, smoking, screaming, drinking, laughing, sword-fighting, ducking...and more!
