Buddy Scalera : Comic Artist's Photo Reference Women And Girls before purchasing it in order to gage whether or not it would be worth my time, and all praised Comic Artist's Photo Reference Women And Girls:

1 of 1 people found the following review helpful. Scrap file on steroidsBy Stephen RustadOld time storyboard and comp artists - as well as many illustrators - used to maintain a "scrap file." In case that term is new to you, it meant that they collected photos, tear-sheets and clipped-out pages of magazines to use as reference for illustration assignments. Few artist's can draw a convincing, realistic, image straight from their imagination, so having a handy reference saves much time and frustration. Of course you can stage your own photos as did many famous illustrators, but doing so takes time. Fortunately, Buddy Scalera and his intrepid crew took the time and the result is a stellar collection of carefully staged, and professionally lighted images. Please note that these are not static poses, but artfully composed action images of models leaping, wrestling, fighting, and using weapons. To make the fighting scenes accurate Mr Scalera retained a martial-arts expert. As you might guess, the target audience for book is mainly people

drawing for action-oriented comic books or storyboard artists. I have three of these volumes: the other two are Men and Boys, and People and Poses. One final note, these are tasteful books. Mr Scalera had all of the models post in tight-fitting workout clothes. "Tight-fitting" not to please the voyeurs, but to allow the illustrators to capture as much of the musculature as decorum would permit. 1 of 1 people found the following review helpful. Book is exactly as described. Buy the physical version of this book as the included CD has even more images that are not in the digital edition. When you buy this book, buy it from the seller called "photoreference", where condition is listed as "New from Author. Signed." It really is the author Buddy Scalera, selling the book through . If you buy it from him through the book will arrive at your door, AUTOGRAPHED on the inside first page by Buddy Scalera. Content of this book varies to a nice degree with different poses, all well lit. Very little space is used for text. The CD ROM content with additional photographs is excellent as additional reference photos. 22 of 23 people found the following review helpful. Clean references for an aspiring artists. I've always found it difficult to find decent pictures of women doing poses similar to those found in comics and action movies, most reference books contain soft poses, nudity, small pictures, and no real writing on how the photos are applicable to rendering in illustration. This book contains some very unique poses and features poses from being in pain, flying, jumping, running, sword fighting, punching, kicking, dressing, and lighting a smoke. The book features at least four to six different models with different body builds (though none are really out of shape like the Fantasy Reference) and ages. The only thing that could be improved to make the book better is to have a spiral back like the Fantasy Reference to keep damage on the spine to a minimal. The pros of this book are that all the photos are in color, the cd is amazing and features over a thousand photos contained in the book (which can be printed from a computer to take up a whole sheet of paper), and the shadows and poses in the book are exceptional. I found it worth its price and would recommend it to any aspiring artist that needs help with drawing women and girls.

Draw characters that leap off the page! 1000+ poses! Whether a scene calls for your heroines to be sexy, scared or savage, Comic Artist's Photo Reference: Women and Girls will help them strike the right pose. With more than 1000 reference photos to choose from, you'll find the inspiration you need in to give your female characters attitude, believability and life. Four models in a range of ages. A wide variety of action, dramatic and casual poses, as well as facial expressions from applying makeup and getting dressed to flying, shooting, punching and more! 600 additional high-quality images on the companion CD-ROM! Four step-by-step demonstrations show how top artists use photo references in the creation of cutting-edge comic book art. Working from these photos is a great way for beginners to improve their art. For more advanced artists, this book is a handy reference for mastering every nuance of gesture and form. It's the next best thing to having real, live superheroines in your studio! (In some ways even better, because you can count on these models to be there when you need them!)

From the Back Cover Draw characters that leap off the page! 1000+ Action Poses Whether a scene calls for your character to perform incredible feats of strength, puts him in a shoot out with the bad guy or hurls him across the page, Comic Artist's Photo Reference: Men and Boys will help you draw the perfect pose. With more than 1000 high-quality photos to choose from, you'll find the inspiration you need to give your heroes, villains, studs, and other characters attitude and authenticity. Four models with a range of ages and body types A wide variety of poses, from talking on the phone to flourishing a cape, copping an attitude, running, jumping, and wielding weapons Specially lit poses for ultimate drama Hundreds of additional images and other bonus material included on the CD-ROM! This book provides essential reference for mastering every nuance of gesture, form and facial expression. It's the next best thing to having real, life superheros in your studio. Professional artists show you how they use photo references to create comic book art, including David Hahn, Rafael Kayanan, Mike Lilly, and Mark Smylie. Written by Buddy Scalera About the Author Buddy Scalera is the author of IMPACT's top-selling Comic Artist's Photo Reference: People and Poses. He is a comic-book writer and publisher whose credits include issues in Marvel Comics' Agent X, Deadpool, Marvel Knights and X-Men series.
