Alan Jefferis : Commercial Drafting And Detailing (Delmar Drafting Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Commercial Drafting And Detailing (Delmar Drafting Series):

0 of 0 people found the following review helpful. Five Stars By Carl B. Grant Nice Product. 0 of 0 people found the following review helpful. nice By zach sonker Product performs as designed, nice quality 0 of 0 people found the following review helpful. Three Stars By Elvis A Landaverde I expected more....

Commercial Drafting and Detailing offers readers clear explanations and professional, step-by-step examples for producing each of the architectural and structural drawings required in a complete set of commercial plans - from site, floor, stairs, and roof plans, to framing and foundation plans, and more! As they progress through the book, readers are

challenged to develop critical thinking skills in order to solve design problems consistent with the 2000 International Building Code (IBC) as well as current Americans with Disabilities Act (ADA) specifications. Comprehensive in scope, each chapter concludes with engineering sketches to aid in completing standard construction details related to specific building materials, such as: lumber, timber, steel, masonry, poured concrete, and fire-resistive materials. Thoroughly revised and updated, this edition is particularly well suited for use independently or as a companion text to our best-selling Architectural Drafting Design book (also by Alan Jefferis).

About the AuthorA prolific author and respected instructor, Mr. Alan Jefferis, has taught drafting technology at Clackamas Community College, an Authorized AutoCAD Training Center, for more than thirty-one years. Prior to that, Mr. Jefferis taught for four years at Mt. Hood Community College in Gresham, Oregon. He brings a wealth of professional experience to his writing, including eight years of drafting for structural engineers and thirty years of residential designing. Mr. Jefferis currently owns Residential Designs. He is a former Autodesk Developer Network member and a former member of the A.I.B.D. Mr. Jefferis obtained his BS degree from San Diego State University in 1972. He has authored or co-authored numerous textbooks on architectural drafting and design and effectively working with AutoCAD.
