2 of 4 people found the following review helpful. defective, disappointedBy NicksMamaThere was nothing wrong

with the way shipped it to me or condition, it was the book that was totally missing the V and W words, well on a positive note V and W aren't as important as A and B. 7 of 8 people found the following review helpful. More than a Dictionary By Diana M. Harp This is great for students learning the English language and want to know where the word originated from, also very helpful essay tips. Want to know how many words are originated from one single word? Then invest in this dictionary, fun and informative. Thanks

Aimed at college and undergraduate students of all subjects who need an updated English dictionary for day-to-day reference, this title offers comprehensive coverage of current English and provides advice on essays, dissertations, research, note-taking and help with basic grammar.

"The new central section offers useful and accessible guidance on a wide range of student writing matters." Anne McGee and Phyllis Creme, Centre for the Advancement of Learning and Teaching, University College London
