I wanted something that was comprehensive but not too expensive. I also wanted it to be a paperback. I settled on this one because it is comprehensive and contains over 300,000 entries. That's excellent for a beginning student like me as I believe it will

carry me through to the advanced level. I have Oxford English dictionaries and I am very pleased with those layouts and was really looking for something familiar and reliable and feel this is it. I think this dictionary will work well for any student at any level. I highly recommend it. 10 of 10 people found the following review helpful. Wasn't what I thought I was buying, but... By M. L. O. I wanted a German dictionary. One that had the German words in alphabetical order and had definitions in German. However, this is a English to German and back dictionary. I didn't want one of those because they are usually so simplistic. But, this one surprised me. It is very in-depth and gives various meanings for the words so you get exactly what you're looking for. I'm learning German and wanted the German definition, but this is exactly what I needed. Thank you, God, for making me a dufus and buying the wrong book. I love it. 9 of 9 people found the following review helpful. Great book, the first half is german to english ... By Tarah Great book, the first half is german to english and the back half is english to german and in the middle there are little tidbits about the culture and stuff. I'm taking my first year of german and it's been really helpful. A bit big to carry around in my schoolbag though.
