From Oxford University Press : Compact Oxford Thesaurus for University and College Students before purchasing it in order to gage whether or not it would be worth my time, and all praised Compact Oxford Thesaurus for University and College Students:

0 of 2 people found the following review helpful. Not good at all!By flydove8I was disappointed on this book because it wasn't I expected as it was advertised. The advertised stated that this book is for University and College students, I

thought this would be the book I was looking for to learn and be knowledgeable on college level vocabulary; but it's not! Over all the regular dictionary is better off than this book.
