Vivienne Clark, Bill Malyszko : Complete A-Z Media Film Studies Handbook (Oxford Paperback Reference) (Complete A-Z Handbooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete A-Z Media Film Studies Handbook (Oxford Paperback Reference) (Complete A-Z Handbooks):

This brand new A-Z Handbook explains all the key terms in Media and Film Studies. Each entry begins with a clear definition and is followed by explanation and/or worked examples. The more important the term, the more detailed the entry. The A-Z format makes it exceptionally easy to use. The Complete A-Z Media Film Studies Handbook has been written to familiarize students with the language of Media and Film Studies. It is useful from the first day of studying Media and/or Film Studies right through to the night before exams. * For new students--Media and Film ideas, terms and concepts are explained clearly* During the course--the fuller explanation of more important or challenging concepts helps in tackling homework or coursework assignments* For exam revision--detailed revision lists are provided to help focus your efforts, plus exam advice from a leading examiner

The most comprehensive, the most readable and indeed the best A to Z in this area which I have seen. -- Pete Fraser, Chief Examiner (extract from the foreword) 20061203 "If you are not sure what 'gonzo journalism' or 'cinema verite' is, or you think you know what 'mugging' and 'signal' mean, or you would like to get a 'grip' on 'intertextuality' or 'photographic truth', then this is the book for you." --The School Librarian, Spring 2008 20061203
