From John Wiley Sons Inc : Concise Dictionary of Slang and Unconventional English: From a Dictionary of Slang and Unconventional English by Eric Partridge before purchasing it in order to gauge whether or not it would be worth my time, and all praised Concise Dictionary of Slang and Unconventional English: From a Dictionary of Slang and Unconventional English by Eric Partridge:

1 of 1 people found the following review helpful. This is the slang dictionary to buy! By Theda Very best book in this field. For example, had "cop a feel" when other slang dictionaries did not have that expression. 3 of 4 people found the following review helpful. Cool, Dude... By S. Meredith I've had this book for about ten years now, and I am happy to see it is still available. I've used it for design projects (a college assignment comparing American and British slang), and just for fun. Slang is fascinating!

The English language is in a state of perpetual change and "Partridge's Concise Dictionary of Slang and unconventional English" presents a snapshot of its state into the nineties. In this concise edition, Paul Beale continues the tradition begun in Eric Partridge's "A Dictionary of Slang and Unconventional English", while making it particularly relevant to our understanding of the language of the present day. More than 1500 new terms have been added - coinages of the 1980s that had not yet come to light when the unabridged edition last went to press in 1983. Like its parent volume, the concise edition provides a account of the vivid, racy, and informative elements of our language, documenting the living history of English and social history of the twentieth century.
