**From Brand: Routledge : Concise Encyclopedia of Latin American Literature** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Concise Encyclopedia of Latin American Literature:

0 of 2 people found the following review helpful. Great for Beginners By mundie1010 Very useful compendium of articles on the topic, especially for people new to the subject. A nice complement to Imberti's histories.

First Published in 2001. Routledge is an imprint of Taylor Francis, an informa company.

From Library Journal Smith, the editor of the original Encyclopedia of Latin American Literature (LJ 6/1/97), has done an excellent job of creating a more portable, certainly abbreviated, yet very useful and comprehensive desktop version of that 1000-page tome for quick reference. The editor has wisely decided to leave the survey articles on the literature of individual countries and topics in their entirety, and these serve as the backbone of the book. The articles on individual authors have been shortened, yet each entry, written by an expert, is a masterly description and evaluation of the writer's works, rounded out by a biography and a listing of selected works and of resources for further reading. There is also an attempt to cover areas not previously emphasized in other Latin American literature encyclopedias.

This includes the work of Hispanic minorities in the United States and of the Francophone Caribbean, which is greatly influenced by the effects of European colonialism. This book belongs on the desk of every scholar of Latin American literature. Recommended for all libraries. DGlenn Masuchika, Rockwell Collins Info Ctr., Cedar Rapids, IA Copyright 2001 Reed Business Information, Inc. From Booklist This downsized version of the Encyclopedia of Latin American Literature (1997) contains all the entries on topics and countries from the original, with entries on 50 leading writers and 50 major works. REVWR Copyright American Library Association. All rights reserved "This volume is a useful reference tool for new users as well as experts.... The editor has been successful in concentrating a daunting amount of material into a concise and user-friendly, yet substantial, reference work." - "American Reference Books Annual" "Smith has done an excellent job of creating a more portable, certainly abbreviated, yet very useful and comprehensive desktop version of that 1000-page tome for quick reference.... This book belongs on the desk of every scholar of Latin American literature. Recommended for all libraries." - "Library Journal" "The "TLS reviewer wrote that 'at a time when much academic literary criticism is frankly unreadable, it is a pleasure to come across so much well-wrote prose, ' and I certainly learned a great deal from leafing through this book." - "Reference s
