Keeping It Traditional By Derek I have a lot of respect for Oxford now because they understand the important significance of Traditional Chinese characters. If it had been published in simplified, I would be giving this review 4 stars, ha ha. This dictionary is perfect because I will be learning how to become a Chinese medical translator right out of college. Albeit that that what I ordered looks slightly used, the fact

that something like this is readily available makes me very happy.0 of 0 people found the following review helpful.
Four StarsBy Norbert Lingling UyToday, march 13,2017 i received an extra copy of this book. A replacement copy was sent to me sometime in jan, 2017.1 of 2 people found the following review helpful. Not badBy CustomerDidn't expect it was traditional Chinese characters.

A unique and concise English-Chinese medical dictionary.
