From Oxford University Press : Concise Oxford English Dictionary (Concise Dictionary) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Concise Oxford English Dictionary (Concise Dictionary):

The Concise Oxford English Dictionary is the most popular dictionary of its kind around the world and is noted for its

clear, concise definitions as well as its comprehensive and authoritative coverage of the vocabulary of the English-speaking world. Authoritative and up to date, this eleventh edition of the Concise Oxford English Dictionary contains over 240,000 words, phrases, and definitions, including 900 new words. It offers rich vocabulary coverage, with full treatment of World English, rare, historical, and archaic terms, as well as scientific and technical vocabulary, and provides hundreds of helpful notes on grammar and usage. New to this edition is a fascinating Word Histories feature, detailing the origins and development of 100 words, such as accolade and candid. This dictionary contains full appendices on topics such as alphabets, currencies, electronic English, and the registers of language, from formal to slang, plus a useful Guide to Good English with advice on grammar, punctuation, and spelling.
