Wonderful DictionaryBy Roadrunner RobertThis is the one to get if you need a good dictionary for the home.7 of 12 people found the following review helpful. Too EnglishBy carrollkA very good dictionary and CD-ROM. The International pronunciation guide is, however, incomprehensible and of no use. I couldn't

get pronunciation from this dictionary. Another major shortcoming is that it does not provide hyphenation breads.

This reissue of the revised edition of the "Concise Oxford English Dictionary" brings the tenth edition completely up to date by the addition of hundreds of new words and meanings taken from Oxford's data collection programme, with a special focus on fast-changing areas of the language such as new technology, e-commerce, fashion, and youth culture. In addition there is a new 40-page section including information on countries and nationalities, alphabets and accents, weights and measures, and a games and puzzles wordfinder. There is also a new grammar guide and a section covering the language emerging through new technologies such as SMS.
