From Oxford University Press : Concise Oxford-Paravia Italian Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Concise Oxford-Paravia Italian Dictionary:

1 of 1 people found the following review helpful. Good value in an Italian-English dictionary By Old Dog Clear, large type. Well bound: this Italian-English dictionary should well serve beginning and intermediate students (either Italians or Anglophones). An excellent value in terms of cost/quality. Exploded views of important verbs appear alphabetically in the main text, both English and Italian, as well as forms with prepositional, etc., attachments. "Lexical notes" appear between the Italian and English sections, and in the back; these notes offer paradigms for irregular verbs and, as well, provide an invaluable section devoted to examples of useful letters in English and Italian (for example, "seeking

employment..."). There is even a section illustrating "Italian advertisements." Very helpful even for students of medieval and renaissance Italian literature (but not vice versa). 0 of 0 people found the following review helpful. A great and practical resource
By Aunt Bellie I like this dictionary so much that when I spilled coffee on my old copy I kept using it until the front cover came off. Then, I found it here on for this amazing price (it was \$75 at a mall bookstore) and I finally replaced it. The definitions provide clear guidelines on usage, to help clarify precisely which definition you're looking for and it alerts you to whether the term is appropriate for British or American English. The Guide to Effective Communication at the end is priceless - I used it to decide what to record on my answering machine in Italy! 0 of 0 people found the following review helpful. Somebody was thinking...
By John Feeseey Replaces a horrendous yellowing paperback student dictionary from 25 years ago. For less than 20 bucks ,an affordable beautifully bound wordsmith with just the right amount of explanation and just the right amount of word selection. The paper is so thin yet strong, when you leave it open at an entry, it remains so, when you do eventually put it on the shelf, it will fit, and you do not get a hernia taking it out again.

Oxford University Press, in association with Paravia (one of Italy's foremost publishers), recently published the outstanding Oxford-Paravia Italian Dictionary. Now comes the Concise Oxford-Paravia Italian Dictionary, drawn from the landmark unabridged dictionary. Containing over 175,000 words and phrases and more than 290,000 translations, the Concise is the most authoritative Italian dictionary of its size. This new dictionary provides contemporary, up-to-the-minute coverage of Italian vocabulary, as well as detailed advice on grammar and usage and an extensive guide to correspondence that includes over 100 sample letters and CVs. Features: 175,000 words and phrases and more than 290,000 translations Coverage of the latest vocabulary across a wide range of subject areas including IT, medicine, law, and the environment Extensive correspondence guide containing more than 100 example letters Detailed advice on grammar and usage Clear layout for ease of use
