DK : Concise World Atlas, 7th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Concise World Atlas, 7th Edition:

0 of 0 people found the following review helpful. The book itself is good. Some of the maps are a little hard ...By KCThe book itself is good. Some of the maps are a little hard to see due to the inseam of the book. It's the best one that I could find. Especially for the price. Be careful though. I ordered it prime and it was shoved into a smaller box than it should have been and it messed up the top of the cover (dinted it in). I don't know why they didn't put any protection in the box with it. I needed it in a hurry so that's why I kept it0 of 0 people found the following review helpful. Five StarsBy MarathonerGreat atlas for a high school graduate.0 of 0 people found the following review helpful. Five

More than 640 high-definition maps created with the latest digital mapping techniques bring you the world in more detail than ever before. Now fully revised and updated to reflect recent geopolitical changes, this essential desktop reference provides a concise but comprehensive overview of the physical, political, economic, and demographic geography of the world. Fact files on all 196 nations give a snapshot of each territory, and informative text, photographs, and diagrams bring the maps to life and help build a detailed portrait of those features that make each region unique. With more than 80,000 entries, a full index guarantees swift access to the information you need. From the defining boundaries of the Balkan states to the icy terrain of Antarctica, Concise World Atlas, Seventh Edition provides an accurate overview of the modern world with unsurpassed mapping.
