a fan of the on-line subscription, that the course depends on, because it expires, and can't be transferred, rendering the very expensive book unusable without it. 2 of 2 people found the following review helpful. A great book! By Logan Closner A must have if you are taking online Spanish classes. I used this book in my final semester of undergrad and it was incredibly helpful. With the use of the connect online feature and the book materials you will be fully fluent in a matter of two months as long as you practice and stick to it. 0 of 0 people found the following review helpful. So it was a rather waste of money. I had to buy the online book and workbook separately. Only rented the book because I'd prefer to have a hard copy but was a complete and utter waste.
