Ana Jarvis, Raquel Lebrede, Francisco Mena-Ayllon : Continuemos! (World Languages) (Spanish Edition)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Continuemos! (World Languages) (Spanish Edition):

They love the book, the instruction is clear, the examples and practices are relevant and real. The only thing I would say is a concern, in every reading there seems to be one comprehension question that cannot be found in the reading. Other than that it is a great buy0 of 1 people found the following review helpful. It's A School BookBy ChelseeIt was wrapped up and packaged nicely. It is a school book so I can't say that I am fond of it but it is a good learning tool0 of 1 people found the following review helpful. Very nice quality productBy Caleb McKillopShipped quickly and arrived right when I needed it. Very nice quality product.

Keep the success up with CONTINUEMOS! Designed to consolidate the skills acquired in introductory-level course, the program develops in a spiral approach, fostering the gradual integration of communicative skills and cultural competency. The new edition includes online material, videos interview with real Spanish-speaking people, and a set of pair and group activities devoted to grammar, discussion, and conversation. This flexible and thorough program prepares learners for continued success with Spanish.

"The post-reading questions are very good, since it forces students to examine their own country, and then expand on what they know through comparisons to countries in Latin America, which can be an expanded portion of the Temas de conversacion section. The conversational expressions I believe are essential to helping students have a meaningful conversation as well as sounding more like native speakers. This will increase their confidence in conversational techniques." "I really like the variety of exercises and the grammatical descriptions. The vocabulary and chapter topics are very relevant, as they reflect all aspects of culture and current events. Many of the debates and conversational exercises force students to examine their own culture and heritage as well, in order to be able to comment on and compare and contrast them with Hispanic culture." "The grammar and vocabulary sections are very good, and I feel they are an asset to helping students acquire Spanish." "I really like the representation of various countries, gender of authors, and styles of literature in this mix." "The types of activities are well thought through and have a balanced ratio of individual versus pair and group activities. I also think the activities and their variety provide enough practice for the students. This is done very well. Conversemos is a great part of this textbook. It gives ample opportunity for students to apply what they have learned in an interesting manner. I applaud this portion of the textbook." About the Author Ana C. Jarvis, a native of Paraguay, was born in Asuncion and attended school in Buenos Aires, Argentina. She received her Ph.D. in Spanish from the University of California, Riverside, in 1973. Dr. Jarvis retired from Chandler-Gilbert Community College after a long and distinguished career. Prior to CGCC, she taught at Mesa Community College; the University of California, Riverside; San Bernardino Valley College; Brigham Young University; and Riverside City College. In addition to authoring numerous Spanish textbooks, she has published several short stories in Spanish. In 1988, she was chosen as "Faculty Member of the Year" at Chandler-Gilbert Community College.
