Denise Rochat : Contrastes: Grammaire du franais courant Plus MyFrenchLab (one semester) -- Access Card Package (2nd Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Contrastes: Grammaire du franais courant Plus MyFrenchLab (one semester) -- Access Card Package (2nd Edition):

0 of 0 people found the following review helpful. useful,By DisappointedComprehensive, useful, challenging

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab Mastering products. Packages Access codes for Pearson's MyLab Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a high risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. ----- The 2nd edition of *Contrastes: grammaire du français courant* remains what it originally set out to be: a comprehensive French grammar review geared specifically to English-speakers with some exposure to the French language. Written in French (with occasional footnotes and explanations in English), it is meant for those who have already acquired a foundation in French, but who need a tool to help them review and expand upon what they already know to improve their mastery of complex grammar rules and formations. Features: Written in French, with idiomatic North-American translations of all examples. *Nota Bene* helps students focus on correcting the most common mistakes by drawing attention to exceptions, contrasts, or frequent errors. Charts and *Tableaux synthétiques* allow visual learners to grasp information at a glance. Generous lists of frequently used verbs, helpful vocabulary, and familiar idiomatic expressions within the chapters make for easier learning and retention. Systematic comparative approach provides a wealth of examples that establish points of comparison and contrast between confusing structures in French and English and focus on correcting the most common mistakes. Thorough yet versatile and adaptable text that is useful in intermediate, advanced, culture, grammar, translation, or graduate courses, or on its own as a grammar reference. Short verification exercises are designed to help students master key concepts and rules and build confidence as they move from simple to complex structures. Accompanying *Workbook*, cross-referenced with the textbook, closely follows the presentation of each chapter and provides ample opportunity for additional practice.

From the Back CoverThe straightforward approach of *Contrastes to French grammar*, with its emphasis on syntactical differences between French and English, and its clear examples with idiomatic North American translations, continues to be an excellent grammar resource for students from the intermediate to advanced levels.
