Jeremy Schuff : Conversational Spanish for Short-Term Missionaries: Phrase Book Dictionary (English and Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Conversational Spanish for Short-Term Missionaries: Phrase Book Dictionary (English and Spanish Edition):

2 of 2 people found the following review helpful. GREAT JUMP START to communication !!!By Candace Mike N ElmoVery good !!Uses terms and phrases one would use as opposed to most books that talk about school, food, rooms of the house , object names etc and family relations etcthis is what you actually talk about in general conversations and

NEED to learnThe con is it is tinyBUTthat may be a PLUS as it fits in a purse or pocketIt is worth it in my opinionif it helps I am multi-lingual and have friends i speak with in their language(s)That is why I appreciate this as a great jump startHope I have helped !!2 of 2 people found the following review helpful. Very useful with relevant informationBy Rick MitchellThe pocket version was recommended as a supplement for the handouts in a conversational Spanish class and we found the included words and other info to be concise and well chosen. Basically, if one were to master the content of this small booklet they would be good to go for basic conversation in Christian mission work, and on the way to a working use of Spanish for many other settings.One word of caution to those with bi-focals - once upon a time I could have read this without glasses but the small type was a challenge for me. Be prepared to secure a set of cheapo readers in a stronger magnification if you are overdue for glasses! Otherwise, I rate it a five on all counts.0 of 0 people found the following review helpful. Very useful handy book for travelBy J. LeeI bout 12 of these and shared with outlr church friend for next s.america mission trip! Very useful handy book for travel!
