From Parragon Book Service Ltd : Cook's Encyclopedia before purchasing it in order to gage whether or not it would be worth my time, and all praised Cook's Encyclopedia:

0 of 2 people found the following review helpful. Title sounds like what I want By Michael W. Two inches thick, seven pounds, but no clue of number of pages. I am shy of a book published in 2010 that has not been reviewed here. Title sounds like what I want, but no access to inside. No sale.
