One start for Post Office Prompt deliveryBy DonS.The contents of this book are excellent! Un-like most dictionaries this encyclopedia like reference thoroughly explains each listing and references related topics. I highly recommend this book to anyone interested in learning about cooking and food. The vendor not so much !!!Ordered this book in "VERY GOOD" condition from Thriftybooks, Auburn, WA. What I receiver was a book with a broken spine with a page falling out, severally cresses covers, and dog eared pages with some clipping !!! What

I received was FAR from "VERY GOOD" condition, acceptable condition at best, should have been listed as POOR CONDITION !DonS.06/27/14
