I bought it for a friend and HAD to go back and get one for myself too. I've been cooking for a long time, and I wish I had this book many years ago so I din't have to learn the hard way. Hard boiled eggs and cookies come out perfect following their tips along with many other "mysteries" of why things didn't turn out like they should have.Everyone should get this book.2 of 2 people found the following review helpful. OopsBy William A. CummingsAlmost every cook "assumes" you know as much about cooking as they do. BAD ASSUMPTION! I've found most people know less than I do and I learned many tips and tricks from this book. It's a good gift for every newlywed!
