Melanie Ann Apel : Cool Careers Without College for Nature Lovers before purchasing it in order to gage whether or not it would be worth my time, and all praised Cool Careers Without College for Nature Lovers:

No missing pages, Water Damage, or stains. Spine shows creasing. This is a readable copy.

From School Library Journal Grade 6-9 A wide range of positions in these industries is considered, from the obvious, such as professional actor and musician, to the less well known, such as puppeteer or instrument repairperson. A strength of these introductions is the supplementary information provided; the authors include varied and valuable sources such as addresses of photographers who will do professional head shots for aspiring actors, or studios that will make voice-over demo recordings. Teens will also find the addresses of professional associations and lists of Web

sites, trade publications, and books. The writing style in both titles is chatty, creating the sense of being engaged in a personal conversation. Clear color photos illustrate the books. -Tim Wadham, Maricopa County Library District, Phoenix, AZ Copyright 2002 Reed Business Information, Inc.
