Wish I'd Thought of It!By TerrieThis is a little CD sized hardcover mini-book that is one of a 12 part series featuring all of the signs of the zodiac and it comes with a CD. I'm Pisces so I chose to review the Pisces book and CD. I've also been an astrologer for over 30 years so while I'm envious of the money making power of this clever gimmick package, I must say it is light-weight pop astrology on a par with the newspaper astrology columns and that's about it. There is cursory coverage of the "typical" Pisces, Pisces at work, in careers, in love, in relationships, home, health, style, entertaining, etc. The information found in the 47 short pages of text is accurate as far as it goes and provides a good sketch of the Piscean archetype. The book is accompanied by a music CD containing 12 tunes by twelve different artists each corresponding with a trait attributed to the Piscean character. Some of the tunes hit the mark pretty well while others are obscure and contrived. For example for the "appreciative" trait the selection is "Thank You For Being a Friend" by Andrew Gold...pretty good choice, however the tune for the trait "Empathetic" is "I Can Help" by Jo-El Sonnier and I really don't think the point of that song is empathy but alludes to a more hands-on approach to caring, if you get my drift. If the song choices on this collection of book/CD sets were better...and they easily could be...I would applaud this as a wonderful innovative way to teach Astrology, however as it is I think a person would be better off spending half the money on a good astrology book that covers all the signs not just one, and taking the other half of the money and buying a used CD that

REALLY suits you. One very good thing about this is that it comes from Rhino Records so at the least the tunes aren't cheesy remakes. I've checked out all twelve of the sets in this series and the same comments would apply to all twelve.

Are you "Hot Blooded"? A "Ramblin' Man"? "Do You Believe in Magic"? This exciting new series sheds fresh light on the power of the stars. Rhino Records, the leader of great music retrospective collections, and Chronicle Books have come together to assemble this astrological extravaganza. Colorful and vibrant, each of the twelve packages (one for every sign of the zodiac) contains a book as well as a tell-it-like-it-is CD with songs reflecting characteristics of that sign. If it's written in the stars, it's written in these pages--everything from personality assessment to insight into the work, home, style, health, and love arenas. Heed the valuable advice for avoiding potential relationship fiascos (Capricorns and Aries: steer clear!) and learn from references to famous couples. Discover why the Libra/Aquarius couple John Lennon and Yoko Ono came together blissfully while the volatile Scorpio/Sagittarius duo of Ike and Tina Turner sent sparks flying. All this and more, plus a personalized CD that will have the sentimental Cancer reflecting on "This Magic Moment" by the Drifters and the honest and sincere Virgo jamming out to Aretha Franklin's "Ain't Nothing Like the Real Thing." Cosmic Grooves is not only an astrological guide to life but also the soundtrack for the journey.
