2 of 2 people found the following review helpful. The complete Vonnegut! By E. J. Bucher Being a recent newcomer to the writing of Kurt Vonnegut, I was happy to find this weighty volume at a bargain price. It is a thorough guide to all of Vonneguts works, clearly structured and presented in university-style. It encourages you to dive deeper and deeper in Vonneguts universe, to read all his novels and esseys! I could have done with a few more pictures, but nevertheless am completely satisfied with the tome.

This resource provides a reliable, up-to-date, and encyclopedic source of information on Vonnegut's life and work for high school and college-level students, teachers, libraries, and the general public.
