**Sheri Spaine Long, Sylvia Madrigal Velasco, Kristin Swanson, Maria Carreira : Cuadros Student Text, Volume 2: Introductory Spanish (Explore Our New Spanish 1st Editions)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cuadros Student Text, Volume 2: Introductory Spanish (Explore Our New Spanish 1st Editions):

9 of 9 people found the following review helpful. DOES NOT come with iLearnBy JoshEven though the book description states Cuadros has a "robust technology package," this particular purchase is for the text only. If I had known that I wouldn't have bought it as the iLearn technology is required for my class. This is me waving goodbye to a solid \$50.0 of 0 people found the following review helpful. Good book for students that are beginnersBy GloriaProduct worked out for my daughter that is in college and taking a Spanish class. Good book for students that

are beginners, and a good book for out of practice Spanish learners. 1 of 1 people found the following review helpful.
