**Anik Gergely : Culinaria Hungary: A Celebration of Food and Tradition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Culinaria Hungary: A Celebration of Food and Tradition:

4 of 4 people found the following review helpful. Too broad. More of a food survey book than a cookbook. By Christine C. Just okay. Good broad overview of the country and the food from all regions of Hungary. I have the book on Germany that belongs to same Culinaria series and I thought this book would be the same. It's not. Kind of different. Not as many recipes. So if you want to read more about Hungary and its food, buy this book. If you want to learn to cook Hungarian food the right way, it's not very useful. 3 of 3 people found the following review helpful. A excellent cookbook of Hungarian recipes By Jim A excellent cookbook of Hungarian recipes. Is full of information about the country of Hungary, it's people, traditions and cuisine. Is very interesting reading and contains delicious main dishes and deserts. Liked it so well I had bought a second one for a family member as a gift. 1 of 1 people found the following review helpful. Great book - I have to loose the weight I ... By Tink Great book - I have to loose the weight I put on in Hungary before I make anything out of it, but none the less I am thrilled with all the information it contains over the recipes, especially on holidays, traditions and so much more!

Salami, goulash, marmalade-filled crepes and many other specialties: this is the best of Hungarian cuisine! From hearty casseroles, meat dishes and sweet baked goods all the way to its most exquisite culinary pleasures, Hungarian cooking offers a wealth of possibilities. The richness of the countrys culinary palette is no accident: the East and the West are melded in many typical Hungarian recipes that inspire gourmets to wax enthusiastic about the wonders of Hungarian cuisine. This volume is far more than just a cookbook, however. Commentaries describe the tradition of Hungarian wine culture, introduce Tokaj, the king of Hungarian wines, and relate the "fiery" history of the pepper. The texts range across the wide plains of the puszta, the cosmopolitan Danubian metropolis Budapest, and the Hungarian landscape with its sandy plains, mountains and wild, romantic forests. Colorful pictures invite readers to participate in a peasant wedding as well as Easter and Christmas feasts and to try the refined recipes.

About the Author Born in Budapest, Anik Gergely is the author of numerous articles and publications on culinary themes. She is one of the leading experts on Hungarian cooking.
