It has more than just recipies. It has planning for full meals for 2 or more and great explanations for cooking terms and measurments. A real total all around book. Hard to find them now.1 of 1 people found the following review helpful. Anyone seeking older cookbooks would probably enjoy this.By spursVery informative. Anyone seeking older cookbooks would probably enjoy this.1 of 1 people found the following review helpful. A heckuva findBy Peter N. TurcoMy wife was thrilled to find this book in a hard-bound edition. She has a well-worn copy in paperback that is falling apart from use, and is held together with string, so as not to lose any pages. The quality and condition were exactly as advertised. Couldn't be happier.
