Color plate on front cover, color and black white plates throughout. "1 Currier (1813-1888) and James Merritt Ives (1824-1895). Currier first worked as a printmaker in firm of Stodart Currier, and then as N. Currier (1835-1856). Newspapers did not have pictures. Therefore, the public was interested in some source for pictures of recent newsworthy events.1835Therefore, the public was interested in some source for pictures of recent newsworthy eventsModern reproductions are popular decorations. Especially the winter scenes, used on Christmas cards.- | File size: 74.Mb

Harry T Peters : Currier and Ives: Printmakers to the American People before purchasing it in order to gage whether or not it would be worth my time, and all praised Currier and Ives: Printmakers to the American People:

1 of 1 people found the following review helpful. the condition was much better than I expected for the low priceBy Joe YankeeI purchased a used version of this book, the condition was much better than I expected for the low price.I bought it in order to have a good index of their prints with the idea of purchasing a few (reproductions or even originals) to frame and hang, swapping them out depending on the season. As I found a nice cache of old to very very old ancestor photos I think I'll be using those instead of C I prints but given the condition and content of this text it is still a very nice addition to my library.0 of 0 people found the following review helpful. Historical Book showing a true view of our historyBy SteveKYHistorical Book showing a true view of our history.Excellent bargain, in great shape for an great price1 of 2 people found the following review helpful. A Walk In Time, VisuallyBy richard e

whitelockGo back in time when America was truly a pastoral nation and its authors traditionalists and well trained. All they wanted to do was create beauty and add pleasure to the lives of a young and burdened society. Such love and joy in the photographs. Such a true rendering of early America when it was youthful and innocent. Such a visual delight. We could all use more of that. Enjoy!
