**Hlin Sakura : CV of a Martian: From Hibernation to Suitability** before purchasing it in order to gage whether or not it would be worth my time, and all praised CV of a Martian: From Hibernation to Suitability:

0 of 0 people found the following review helpful. Funny, witty and endearingBy Drfn TeitsI love this book. Hln is witty and smart and it is so much fun to read her thoughts and opinions.The story follows Hln during a boring office job, through living with her parents and follows her relationships with diffrent people, co-workers, family and friends.

Her combo of dreamy-ness and no-bullshit attitude is refreshing.
