From Brand: Schiffer Publishing : Danish Modern and Beyond: Scandinavian Inspired Furniture from Heywood-Wakefield (Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Danish Modern and Beyond: Scandinavian Inspired Furniture from Heywood-Wakefield (Schiffer Book for Collectors):

The sleek lines of Danish Modern furniture took the design world by storm in the mid-twentieth century. Among the American companies that manufactured this style of furniture was the Heywood-Wakefield Co., based in Gardner, Massachusetts. Known widely today for their lines of blonde furniture, Heywood-Wakefield addressed the American family's desire for an informal yet sophisticated look through its Danish Modern and related lines produced in the 1950s and 1960s. Here are original Heywood-Wakefield catalog images of Danish inspired living room, dining room, and bedroom furniture, featuring original catalog descriptions, model numbers, and measurements for all pieces. A price guide showing current market values is included. Collectors, designers, and aficionados of vintage furniture will welcome this timeless presentation.
