Bar none best book for new parents in the DC metroBy JuleslovesBlueWe were gifted with this book in Dec 2008 after the arrival of our first baby. Thank you thank you Ms. Masterson! I strongly recommend DC Baby (DC Baby, Revised Second Edition) as a shower gift for anyone you know expecting in the Washington, DC area. They will find this book far more useful than a cute outfit (especially an outfit sized 0-3

mo). After spending hours fruitlessly mining the web and searching through listserv archives for local information prior to our little one's arrival, I was thrilled to find what lay beneath the DC Baby cover. The book is thoughtfully organized, well written and extremely thorough. So thorough that as a busy new mother, I have found myself wondering how the author, a mom herself, found the time to aggregate so much detail on so many baby related things. Further, it is not just a book of lists but also contains reviews of different programs, schools, stores, etc. This book has helped me - with ease, find so many things e.g. a bilingual Montessori school program, great consignment stores, etc. that I had not located online. I am sorry that the author appears to be leaving the area and returning to Austin, TX, but I am hopeful she will write a similar book for the Austin metro area as my husband and I are likely to end up there w/in the next few years. We will be first in line to buy such a book. 0 of 0 people found the following review helpful. A must have for DC moms! By DC Mama This book is a must have for any DC mom who wants to be in the know! It is a fantastic resource for everything from pregnancy to play groups. If you are a first time mom to be or have 4 kids, there is something useful for every parent. DC has so many things to offer it can be overwhelming. Even as a VA/DC native, DC Baby opened my eyes to all of the wonderful things to see and do with your kids that I had either forgotten about or never even knew existed. No more dreading what activities to do for the weekend. Just pop open the book and there are tons of ideas at your fingertips!

The first edition of DC BABY, which Washington Parent magazine hailed as a wonderfully compiled handbook that every parent should have, sold out in a matter of months. This revised and expanded second edition represents a complete overhaul of the first edition, with more of what you have come to expect from DC BABY: Loads of first-hand reviews and resources from author Sarah K. Masterson and a small army of citizen moms (and dads) in Washington, DC, Northern Virginia, and Suburban Maryland.

About the Author Sarah K. Masterson is a writer and communications consultant, transplanted from her native Texas to the Washington, DC area in 2005. She lives in Old Town Alexandria with her husband, Noah, and their children, Ava and Charlie. Sarah blogs daily at dc-baby.com.
