Louise Simonson : DC Comics Covergirls before purchasing it in order to gage whether or not it would be worth my time, and all praised DC Comics Covergirls:

0 of 0 people found the following review helpful. NiceBy ChrissyBeautiful coffee table book. A must for any comic book fan11 of 12 people found the following review helpful. an excellent guide to the superheroines of DC ComicsBy bOoKwOrMRecently bought this, and it was definitely worth the money spent! Written by Louise Simonson(an accomplished comic book writer, for both Marvel and DC Comics), this is an illustrated guide to the female superheroines of past and present. Besides the well-known ones like Wonder Woman, Batgirl, and Supergirl, other lesser known characters are also spotlighted. Contains a number of full page reproductions of comic book covers(which look really amazing on the high quality paper of the book), and various other pictures.Definitely recommended for superheroine fans. :)0 of 0 people found the following review helpful. Five StarsBy michael

Kelley Definitely recommend for comic fans or even just art appreciators! Interesting book that looks great on my shelf.

From the trailblazing Wonder Woman of the 1940s to edgy, girl-power-driven comics series like Birds of Prey, DC Comics Covergirls takes a look at the female characters of DC Comics throughout the company's history, and features many of DC Comics' iconic comic book covers. Written by renowned comic book writer Louise Simonson, the book examines the evolution of the comic book women of DC Comics: the 1942 introduction of the most famous DC heroine, Wonder Woman, and her various incarnations up to the present; the creation of comic book spin-offs based on characters such as Lois Lane; and the recent wealth of fierce, female character-driven comics such as Supergirl, Birds of Prey, Batgirl, and Catwoman, featuring women who have no trouble being both sexy and strong-willed. Famous featured DC Comics artists include Jim Lee, Alex Ross, Adam Hughes, J. Scott Campbell, Michael Turner, Tim Sale, and Jill Thompson. DC Comics Covergirls is a smart and in-depth look at the female comic book characters we've grown up with all these years, and is sure to appeal to new comic book fans and diehard collectors alike.

"...the book contains 250 glorious cover reproductions..." -- 06/10 DAILY SOUTHTOWN "DC Comics Covergirls compiles the finest ladies from DC's 70-plus years..." -- May PLAYBOY About the Author Louise Simonson is one of the best-known female comic book writers working in the comic book industry today. She has risen to the top of the male-dominated business and has garnered acclaim for her work for Marvel and DC Comics, including Superman: Man of Steel, X-Factor, Power Pack, Steel, and New Mutants. She lives in Suffern, New York.
